

201/35 Arden Street North Melbourne VIC

3  2  2 

From the old Bulla factory, comes MILQ Apartments and a specifically designed 3 bedrooms, 2 bathrooms and 2 car space apartment. This huge apartment is set across 130.5m2 which was originally two apartments joined into one.

The subtle colour palette draws upon simple materials, alluring textures and classic colour fusions to create unique apartment interiors, specially conceived to reflect the individuality of MILQs discerning residents.

To complement the quality finishes, European kitchens provide inspiration through crafted stone benchtops, quality appliances, ample storage and fully-tiled bathrooms which share the kitchens modern textural elements. Timbered textures and mineral tones afford a warmth of character from the flooring underfoot to the light fittings above.
