2 2

A sun-drenched spacious terrace, quiet street frontage and a boutique block of only five apartments - privileges that comparatively few apartments can claim as their own - add a desirable element of independence to this sleek and stylish property. Northern light illuminates an open, ample design offering stone-dressed kitchen and airy living-dining areas that link seamlessly to the terrace. In each bedroom an en-suite or semi en-suite represents all-inclusive comfort. Abundant storage, laundry and fine-grain hardwood floors illustrate coveted comfort in a location that is only steps to North Melbourne Village shops/cafes and trams.
