Distinguished by its impressive c1883 coach house heritage - one of the very few that remain today - this immaculate residence combines the timeless appeal of boom-era traditions with a position that's, simply put, extraordinary. Zoned to University High School and a mere 500m from Haileybury Private School, the magnificent terraced façade precedes five-bedroom/two-bathroom proportions of eminently inviting character and select modern additions. Kitchen featuring stone/stainless-steel surfaces and a practical wraparound arrangement introduces stylish meals and family living; a space where French windows and polished bamboo floors suffuse natural warmth while accompanying living space or workshop is an especially enticing addition. Beyond, undercover entertaining and low-maintenance landscaped gardens deliver the ultimate in outdoor living to an address always sought for its exceptional nearness to Flagstaff
